

SCHOOL OF EDUCATION

School Organization

In February 2003 the Division of Social Sciences, Humanities and Education of which Education was a part, was restructured and renamed the Division of Arts. The School's internal structure was also changed in 2003 from sections to academic groupings. The School has an Education & Research Academic Programs office (ERAP), a School Experience office, a Dean's administrative office, a Curriculum Resource Centre, a Centre for Learning, Change and Development (CLCD) and up to 31 October 2003, the Institute for Social Programme Evaluation.

Teaching and research in the School is administered by two Program Committees: the Initial Teacher Education Program Committee and the Research & Centres Committee, whose members are drawn from within the School.

The formal decision-making body for the School is the School Committee which is comprised of all academic staff, administrative staff in continuous positions in the School, and student representatives.
